

# Index

## NUMBERS

---

24-hour urine sampling procedure, 148

90-90 traction (fractures), 423

## A

---

**ABCD (Airway Breathing Circulation Deficits) assessment**

airways, 598

breathing, 598-599

circulation, 598-600

deficits, 598-600

**abdominal injuries, 602-603**

**abduction, total hip replacements, 437**

**abortion, 466-467**

**abruptio placenta (pregnancy), 467**

**absence seizures, 311**

**abused/neglected children, caring for, 550**

**ACE (angiotensin-converting enzyme) inhibitors, hypertension treatment, 48**

**acetaminophen (Tylenol) overdoses, pediatrics, 516**

**acetylcholine, 317, 320, 336, 339**

**acid/base balance, web resources, 884**

**acids**

alkalosis, 18, 33-35

diagnosing disorders, case studies, 35-37

metabolic acidosis, 30-31, 35

respiratory acidosis, 32-35

**acoustic neuroma, 217**

**acquired heart disease, pediatrics**

bacterial endocarditis, 526-527

KD (Kawasaki's Disease), 527-528

rheumatic fever, 525-526

**acrocyanosis, 476**

**acronyms (study tips), ROME, 35**

**active transport, 18**

**acute epiglottitis, pediatrics, 502**

**acute glaucoma, 207**

**acute glomerulonephritis (AGN), 148-149**

acute graft rejection

acute graft rejection (renal transplants), 158

acute mania, 570-571

acute otitis media (AOM), pediatrics, 501-502

acute pancreatitis, 251-253

acute radiation syndrome (ARS), 610

acute renal failure (ARF), 154

acute respiratory distress syndrome (ARDS), 126-128

acute respiratory failure, chronic bronchitis, 113

acute spasmodic laryngitis, pediatrics, 503

Adams position, scoliosis, 546

Addison's disease, 97-98

ADDM (noninsulin-dependent, adult-onset diabetes mellitus), 92

adenohypophysis, 84

adenoidectomies, 500

ADH (antidiuretic hormone), diabetes insipidus, 326-327

ADHD (attention deficit hyperactive disorder), 578

adolescence (12-18 years), childhood development, 498

adolescent/childhood psychiatric disorders

ADHD (attention deficit hyperactive disorder), 578

conduct disorder, 577

oppositional defiant disorder, 578

adrenal gland, 95

adrenocortical hypersecretion (Cushing's disease), 98

adrenocortical insufficiency (Addison's disease), 97-98

primary aldosteronism (Conn's Syndrome), 97

AGN (acute glomerulonephritis), 148-149

airways

ABCD assessment, 598

burn treatments, 191

Alaskan native/Native American patient care/management, 637-638

alcoholism

Antabuse, 575

CIWA-Ar (Chemical Institute Withdrawal Assessment-Alcohol) scale, 573

alertness, AVPU assessment, 600

alkalosis, 18, 33-35

allogenic transplants, 398

allografts, burns, 195

alopecia, gastrointestinal system disorders, 263

alpha-fetoprotein, pregnancy, 457

alpha-receptor blockers, 75

ALS (Amyotrophic Lateral Sclerosis), 320

Alzheimer's disease, 320, 336-337

amenorrhea, 465

American Cancer Society, Seven Warning Signs of Cancer, 365

aminophylline, asthma, 116

amniocentesis, 457

amniotic fluid, testing, 457

amniotic membrane, burns, 195

amputations, 439-440

Amyotrophic Lateral Sclerosis (ALS), 320

anemia

aplastic anemia, 270-271

B vitamins, 270

causes of, 269

iron deficiency anemia, 275

pernicious anemia, 270

sickle cell anemia, 271-275

symptoms of, 269

anesthesia

narcotic overdose, 32

subarachnoid (spinal) anesthesia, labor (pregnancy), 473

aneurysms, 65

angina, polychthemia vera, 277

angina pectoris, 57

angiography, myocardial infarction treatment, 62

angioplasty, PTCA, 62

Angiotensin II receptor antagonists, hypertension treatment, 49

angiotensin receptor blockers, 75

anions, 18

ankylosing spondylitis, 431

anorectal manometry, Hirschsprung's Disease (Congenital Aganglionic Megacolon), 508

anorexia, 578

AGN (acute glomerulonephritis), 148

hepatitis, 247

PKD (polycystic kidney disease), 152

anovulation, neoplastic disorders, 367

answers

eliminating (exam prep tips), 11-12

practice exams

exam I, 795-818

exam II, 819-838

exam III, 839-858

exam IV, 861-872

Antabuse, alcoholism, 575

anticoagulants, 60, 77

anticonvulsants (antiepileptics), 334-335

antidiuretic hormone (ADH), diabetes insipidus, 326-327

- antidysrhythmics, 76**  
**antiepileptics (anticonvulsants), 334-335**  
**antihypertensive medication, hypertension treatment, 48**  
**antisocial personality disorder, 565**  
**anuria, renal transplants, 158**  
**anxiety-related disorders, 559**  
     DID (dissociative identity disorder), 561  
     GAD (generalized anxiety disorder), 560  
     OCD (obsessive-compulsive disorder), 562  
     panic disorder, 561-562  
     phobic disorder, 562  
     PTSD (post-traumatic stress disorder), 560  
     somatoform disorder, 561  
**AOM (acute otitis media), pediatrics, 501-502**  
**APGAR (Activity, Pulse, Grimace, Appearance, Respiration) scoring, 474-476**  
**aplastic anemia, 270-271**  
**aplastic crises (sickle cell anemia), 273**  
**apnea, tonic-conic seizures, 310**  
**Apothecary System of Measurement, 889**  
**appendicitis, 236-237**  
**apraxia, ischemic strokes, 306**  
**aqueous humor (eyes), glaucoma, 207-208**  
**Arab-American patient care/management, 640-643**  
**ARDS (acute respiratory distress syndrome), 126-128**  
**ARF (acute renal failure), 154**  
**arm circle exercises (breast cancer), 381**  
**ARS (acute radiation syndrome), 610**  
**arteries, 45**  
     aneurysms, 65  
     Buerger's disease (thromboangiitis obliterans), 68  
     CABG, 62-63  
     CAD (coronary artery disease), 49  
     IABP, 63  
     PVD, 67  
     TGA (transposition of the great arteries), pediatrics, 524  
**arteriosclerosis, 49**  
**arthritis**  
     JRA (juvenile rheumatoid arthritis), pediatrics, 546-547  
     polymigratory arthritis, rheumatic fever, 526  
     rheumatoid arthritis (RA), 433-434  
**artificial skin (Integra), burns, 196**  
**asbestosis, 120**  
**ascites, cirrhosis, 248**  
**ASD (atrial septal defects), pediatrics, 521-523**  
**aseptic meningitis, 314**  
**Asian-American patient care/management, 638-644**  
**asphyxiation, Sengstaken-Blakemore tubes, 249**  
**assault (legal issues), 623**  
**assist controlled mode (ventilators), 127**  
**assisted births, 471**  
**asthma, 115**  
     childhood asthma, 505-506  
     client treatment, 116  
     play therapy, 33  
**astigmatism, 211**  
**atherosclerosis, 49**  
**atopic dermatitis (eczema), pediatrics, 536-537**  
**atrial septal defects (ASD), pediatrics, 521-523**  
**atrophic (dry) macular degeneration, 210**  
**attention deficit hyperactive disorder (ADHD), 578**  
**auras**  
     simple partial seizures, 312  
     tonic-conic seizures, 310  
**auscultation, pneumonia treatments, 123**  
**autografts, 196**  
**autoimmune neurological disorders**  
     Guillain-Barre, 319  
     MS (multiple sclerosis), 316, 337-338  
     Myasthenia Gravis, 317-318, 339  
**autologous transplants, 398**  
**automaticism, complex partial seizures, 312**  
**autonomic hyperreflexia, 324**  
**autosomal recessive disorders, galactosemia, 515**  
**AV heart blocks, 50**  
**avoidant personality disorder, 566**  
**AVPU (Alertness Verbal Stimuli Pain Unresponsiveness) assessment, 600**
- 
- B**
- B vitamins, anemia, 270**  
**bacterial endocarditis, 66, 526-527**  
**bacterial infections, 182, 351**

**Battle's sign, basilar skull fractures, 295**

**Bell's Palsy, 320**

**beneficial beliefs (client care/management), 633**

**benign prostatic hypertrophy (BPH), 163**

**berylliosis, 121**

**beta adrenergic blockers, 73**

**Beurger's disease (thromboangiitis obliterans), 68**

**biliary atresia, pediatrics, 512**

**bilis (Hispanic/Latino patient care/management), 636**

**biological/chemical agents (bioterrorism), 606-609**

**biosynthetic grafts, 195**

**bioterrorism, 606-610**

chemical/biological agents, 607-609

nuclear warfare, 609-610

**bipolar disorders, 570-572**

**bites/stings (poisonous), 605**

**bivalve treatment (casts), 426**

**black lung (pneumoconiosis), 120**

**bladder**

cancer, 366, 384

exstrophy of, pediatrics, 530

**blocks (heart), 50-51**

**blood disorders**

aplastic anemia, 270-271

B vitamins, 270

case studies, 282-284

causes of, 269

client management, 285-286

hemophilia, 278-279

iron deficiency anemia, 275

pernicious anemia, 270

polycythemia vera, 277-278

pulmonary blood flow defects

ASD (atrial septal defects), 521-523

TOF (tetralogy of fallot), 523

VSD (ventricular septal defects), 521

sickle cell anemia, 271-275

symptoms of, 269

thalassemia, 276-277

transfusion therapy, 280-282

**blood pressure, hypertension, 46-49**

**blue bloaters, emphysema, 114**

**Boards of Nursing, 619**

**body water, total calculations, 17**

**bones**

ankylosing spondylitis, 431

congenital clubfoot (talipes equinovarus), 543

demineralization, 428

density, osteoporosis, 428

DHD (developmental hip dysplasia), 544

fractures, 419

casts, 425-426

compartment syndrome, 425-426

complications of, 425-428

delayed union/healing, 427-428

hips, 436-437

ostomyelitis, 426-427

sites of, 421

symptoms of, 420

traction, 422, 425

treatment of, 421-422, 425

types of, 419

gout, 431-432

hips, total hip replacements, 436-437

knees, total knee replacements, 437-438

legg-calve-Perthes disease (coxa plana), 545

marrow transplants, 397-398, 403-411

osteoarthritis, 429-430

osteogenesis imperfecta, 545

osteoporosis, 428

scoliosis, 546

**borderline personality disorder, 565**

**botulism, 257**

**bowel disorders**

Chron's disease (regional enteritis), 233

client management, 234

obstructions, 238-239

ulcerative colitis, 233

**BPH (benign prostatic hypertrophy), 163**

**brachytherapy (cancer), 393**

**Braden scale, pressure ulcers, 184-185**

**Bradycardia, 471-472**

**bradydysrhythmias, 54**

**brain**

basilar skull fractures, 295

contrecoup injuries, 602

contusions, 296

coup injuries, 602

DAI (diffuse axonal injuries), 296

hemorrhages, 296-297

Parkinson's disease, 313-314

seizures, 309

absence, 311

test 1, 661-695, 795-818

test 2, 697-732, 819-838

test 3, 733-769, 839-858

test 4, 771-794, 861-872

prep tips, 10-13

study tips, 9

**tetany, neoplastic disorders, 397**

**tetracycline, pneumonia treatments, 122**

**tetralogy of fallot (TOF), pediatrics, 523**

**TGA (transposition of the great arteries), pediatrics, 524**

**thalassemia, 276-277**

**thermal burns, 187**

**third-degree (full thickness) burns, 188**

**third-degree heart blocks, 50**

**Thomas ring splints, traction, 424**

**three-chamber chest drainage systems, hemothorax treatments, 133**

**thrombocytopenia**

aplastic anemia, 270

gastrointestina system disorders, 262

**thrombolytics, 78**

**thrombophelbitis, 68, 277**

**thunderbirds (Native American/Alaskan native patient care/management), 637**

**thyroid**

hyperthyroidism, 88-89

hypothyroidism, 86-88

thyroid storms, 89

**Tic Douloreux (Trigeminal Neuralgia), 320**

**tick-borne fever. See Rocky Mountain spotted fever**

**tinnitus**

hemorrhagic strokes, 308

polycythemia verapr, 277

**TIPS (transjugular intrahepatic portosystemic shunting), cirrhosis, 249**

**toddlers (1-3 years), 495**

**TOF (tetralogy of fallot), pediatrics, 523**

**tomato juice, administering potassium, 23**

**tonic-clonic seizures, 310-311**

**tonsillectomies, 500**

**tonsillitis, pediatrics, 499-500**

**TORCHS, 457**

**torts (legal issues), 623**

**Tousseau's sign, hyperphosphatemia, 27**

**toxic diffuse goiter, 88**

**toxicity, heart block medications, 51**

**TPN (total parenteral nutrition), 395-396**

**tracheoesophageal fistula (TEF), 510**

**traction**

fractures, 422, 425

log rolls, 323

**Transcutaneous Electrical Nerve Stimulators (TENS), amputations, 439**

**transfusion therapy, 280-282**

**transjugular intrahepatic portosystemic shunting (TIPS), cirrhosis, 249**

**transplants**

- bone marrow transplants, 397-398
- client management, 403-411
- engrafts, 398
- graft versus host disease, 398
- renal transplants, 158
- stem cell transplants, 397-398
- veno-occlusive disease, 398

**transposition of the great arteries (TGA), pediatrics, 524****trauma**

- abdominal injuries, 602-603
- chest injuries, 602
- ear injuries, 219
- eye injuries, 206, 212-213
- forensic evidence, documenting/protecting, 603-604
- head injuries, 601-602

**traumatic pneumothorax, 131****triage, 597**

- case studies, 611-613
- disasters, categorizing victims, 610-611

**tricyclic antidepressants (TCA), major depression, 571-572****Trigeminal Neuralgia (Tic Douloureux), 320****Trousseau's sign**

- hypercalcemia, 26
- hyperparathyroidism, 90
- hypocalcemia, 26
- hypomagnesemia, 28
- primary aldosteronism, 97

**tuberculosis (TB), 124, 141-142****tumors**

- brain, 300-301
- ocular melanoma, 213-214
- pituitary, 304

**Turner's sign, pancreatitis, 252****twilight croup, pediatrics, 503****Tylenol (acetaminophen) overdoses, pediatrics, 516****type 1 diabetes, 92****type 2 diabetes, 92****U****ulcerative colitis, 233****ulcers**

- client treatment, 231-232
